Available September 2024 to May 2025 Only!
Geared towards Grades Kinder to 6

Come participate in one of our Curious Critter Club as students will have the opportunity to dive deeper into learning about the St. Lawrence River and the animals that call it home. Delivered by our Aquatarium Educators, school workshops offer students with unique and interactive opportunities to bring their learning to life!

Sessions range from 45-60 minutes!

Pricing (plus tax)

Participant Rate \$6.00

Minimum 10 per session
Maximum 20 per session

WORKSHOP THEMES ARE FOUND AT THE BACK OF THE PACKAGE.

WORKSHOPS ARE A FUN WAY TO TAKE YOUR LEARNING OUTSIDE OF THE CLASSROOM!

CURIOUS CRITTER WORKSHOP THEMES

Workshop Themes:

ANIMAL BODY COVERINGS

Feathers, fur, scales and more! Come learn about the different animal body coverings through hands-on exploration. Students will get a super fun take home craft that will help them remember the feeling and look of a variety of body coverings.

Recommended Age

Recommended Grades:
Kindergarten - Grade 1

RIVER SAFARI: CLASSIFYING ORGANISMS

Come explore the Aquatarium, as students go on a River Safari Adventure to seek for the Big Five: Mammals, Fish, Birds, Reptiles, and Amphibians! Students will learn how they can identify and compare physical characteristics of animals to assist them in categorizing into classes of vertebrates.

Recommended Age

Recommended Grades:
Grades 1-2

HOME SWEET HABITAT

The 1000 Islands Region of the St. Lawrence River is home to many incredible living things! Like you and I, and our amazing animal friends at the Aquatarium! But where do all these animals live? What do they need in their "home" to survive? Let's learn more about habitats and the five main elements that need to be in each.

Recommended Age

Recommended Grades:
Grades 1-4

**+\$2 EACH FOR A TAKE HOME
AQUARIUM JAR**

SAIL AWAY WITH ME

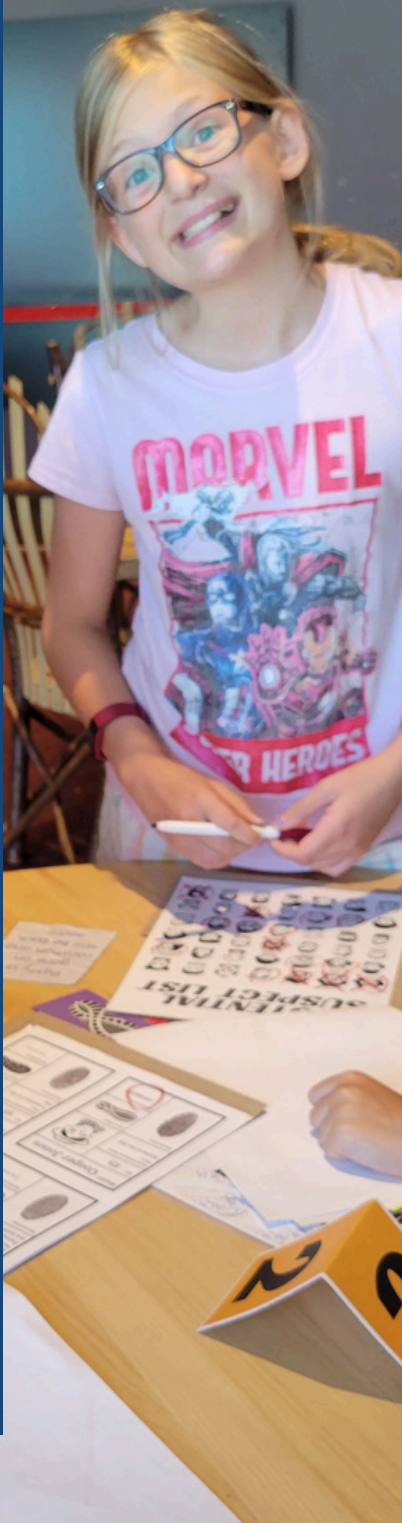

Ahoy Mates, come on this sailing adventure as we investigate the ships and boats in the Aquatarium that contain mechanisms that include simple machines and enable movement. Students' knowledge will be put to the test as they design their very own boat!

Recommended Age

Recommended Grades:
Grades 2-4

CURIOUS CRITTER WORKSHOP THEMES

Workshop Themes:

WHO'S TRACKS ARE THOSE?

Maybe you've seen animal tracks in the mud after a rainy day, but did you know that you can study these tracks to learn all kinds of things about the animals that made them? Grab your detective hat and join the AQ team to find out how!

Recommended Age

Recommended Grades:
Grades 2-4

CREATURE CRANIUMS

Discover the fascinating world of creature craniums in this engaging workshop designed for young explorers. Dive into the realm of animal skulls, learn to identify various species through unique characteristics, and ignite your curiosity about the animal kingdom.

Recommended Age

Recommended Grades:
Grades 4-6

BACKYARD BIODIVERSITY

One, Two, Three and more! Come learn the true meaning of busy beaver as we participate in hands-on activities that demonstrate the role biodiversity has on an ecosystem. Students will learn the importance of a balanced ecosystem and the interrelationship between living things within.

Recommended Age

Recommended Grades:
Grades 5-6

Interested in knowing our workshop for the month, let us know! We will be running an animal folklore series from September to May.
